

WORKERS' COMPENSATION

Has your workers' compensation been affected by an IRE, or Impairment Rating Evaluation? If the length of your compensation has been reduced, or even stopped, due to an IRE, you may be entitled to more compensation for your work injury. **IREs are now illegal and unconstitutional, and you may deserve more money!**

If an IRE has affected your work comp case, call Attorney Christopher Youngs for a FREE CONSULTATION. Find out if you may be entitled to more money for your work injury. 814-337-7000 or online at www.pyylaw.com
